Followed by Heart Disease, Cured by
DR. MILES' HEART CURE.

M. R. C. SHULTS, of Winterset, Iowa, inventor and manufacturer of Shultz's Safety Whiffletree Coupling, writes of Dr. Miles' Heart Cure. "Two years ago an attack of LaGrippe left me with a weak heart. I had run down in flesh to mere skin and bone. I could not sleep down for smothering spells; frequent sharp darting pains and palpitation caused a constant fear of sudden death, nothing could induce me to remain away from home over night. My local physician prescribed Dr. Miles' Heart Cure and in a few days I was able to sleep well and the pains gradually lessened, and finally ceased. I reduced the dose, having gained fifteen pounds, and am now feeling better in every way than I have for years."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

PRESIDENT INTENDS

To Give the Filipinos All the Self-Government They Can Exercise.

SCHURMAN'S PROPOSITION

Was Framed by Secretary of State Hay—Believed Present Movement of Troops in the Philippines Is in Anticipation of Wet Weather—No Talk of Another Northern Movement.

Washington, May 23.—The written proposition submitted to the Filipinos yesterday at Manila by the American commission was framed in Washington by Secretary Hay. The only error in the printed report of its contents is the omission of the qualification "principal" in the statement of the judges to be appointed by the president. It is the intention to give the Filipinos, just as the president has promised, as large a measure of self-government as they seem able to exercise with safety to themselves and due regard to the welfare of other nations. Therefore, it is proposed to allow them to choose their own inferior judicial officials to begin with, and perhaps the principle may be extended if it works well in the lower grades.

President Schurman did not report to Secretary Hay yesterday, hence, it is assumed that conference up to this time has not been so productive of results as to warrant a statement.

Schurman's Proposition.

Manila, May 23.—Professor Schurman of the United States Philippine commission yesterday submitted a written proposition to the Filipinos, in part as follows: "A governor general, to be appointed by the president; a cabinet, to be appointed by the governor general; all the judges to be appointed by the president; the heads of departments and judges to be either Americans or Filipinos, or both; and also a general advisory council, its members to be chosen by the people by a form of suffrage, to be hereafter carefully determined upon."

ACTIVE CAMPAIGN.

In Anticipation of Wet Weather, Believed to Be Near an End.

Washington, May 23.—The present movement of troops, as reported by General Otis, is believed to mark the end of the active campaign before wet weather sets in. MacArthur is at San Fernando, south of Arayat, where Kobbe and Lawton are now joined. This is the point that has previously been spoken of as a possible summer base for the American northern outposts. From Bacolor, on the railroad, there is a highway running northeast through San Fernando, Mexico, Santa Ana and on to Arayat on the river. The dispatch says that the American army will occupy the cities south and west.

There is no present talk of another northern movement. This would leave a triangle between the railroad and the river that could be easily held and protected by the United States troops during the wet season, even though the insurgents were in much greater force than they are reported, and though they were inclined to be aggressive, which the reports indicate they are not.

Lawton's turning in his march to the north and proceeding down the Rio Grande is the natural result of his failure to get in behind the insurgents at San Isidro and crush them in a blow according to programme.

In the movement north, Lawton traveled in a line east of the Rio Grande and parallel to it. His march was through a rough and little traveled country toward the foot of the Eastern mountain ranges. It was a hard journey, and the

Men put in the best years of their lives in the pursuit of riches. One class works with the head, and the other with the muscles. Each cares more for dollars than for health. The brain is taxed to the utmost

constant, unremitting toil. Just about the time a man stops to take account of things, he finds the dollars have come, but health has departed. Then he reverses matters completely. He devotes the rest of his life to strengthening his dollars to regain his health.

What a man with worn-out body and tired brain needs most of all is a good stomach. Dr. Pierce's Golden Medical Discovery is the proper remedy to set the stomach right. This medicine will make his appetite good, make his weak stomach strong and help it to digest the food he puts into it. Good digestion makes pure blood, and pure blood vitalizes the whole system. This great remedy also cures those who have sore throat, a persistent cough, weak and bleeding lungs and bronchitis, all of which often arise from weak stomach and consequent indigestion. It is a cleansing, strengthening, purifying, invigorating, alterative tonic. It puts life into the blood and nerves, into the brain and body. It cures every form of indigestion, makes the sleep sound, and nerves steady. There is nothing so good, and you should refuse all substitutes offered by dealers.

"I had catarrh for four years and also liver and kidney trouble," writes John A. Calloway, Reg. of No. 218 26th Street, Columbus, Ga. "When it would commence troubling me, I would have a slight aching a little below the chest. In 1894 I broke out in lumps all over and when these left the skin peeled off. I took six bottles of Dr. Pierce's Golden Medical Discovery, two bottles of his 'Pleasant Pellets,' and I believe I am sound and well. I have a good appetite, before I commenced treatment I had no appetite at all."

insurgents slipped away before they could be hemmed in between Lawton and Kobbe and MacArthur's armies.

The reported dissolution of the insurgent forces, which are said to be in bad condition at Tarlac, and the statement in General Otis' dispatch that he had again denied Aguinaldo's request for an armistice, are taken to indicate that there is some likelihood that the commission's offer of a form of government may be speedily accepted. That is a matter, however, on which there is no official inclination to speculate.

Consulates Abolished.

Washington, May 23.—The state department has cabled to United States Consul Hanna at San Juan, Porto Rico, and to United States Consul Williams at Manila, to close up their offices on July 1. After that date neither of those officials will be in the service of the United States and the consulates will be abolished. Congress omitted appropriation for the maintenance of the consulates of Porto Rico and the Philippines as a result of the war, and the state department has been retaining the officers at their posts for some time past in the capacity of special agents.

Supreme Court Adjourns.

Washington, May 13.—The supreme court of the United States adjourned yesterday for the term. During the session the court disposed of 519 cases, leaving 302 cases on the docket. At the close of the last previous term the docket contained 313 cases. Chief Justice Fuller and Justice Brewer expect to sail for Paris on the 31st inst., whether they go to participate in the Venezuelan boundary arbitration. Justice Harlan goes immediately to Yale college to deliver a course of lectures.

Treasury Statement.

Washington, May 23.—The statement of the condition of the treasury shows: Available cash balance, \$265,293,163; gold reserve, \$226,445,721.

BIG IRON TRUST

Frick's Proposed Combination of Iron and Steel Companies a Failure.

New York, May 23.—Leading men in the steel and iron trade said yesterday that the incorporation of the new Carnegie iron and steel combination under the laws of Pennsylvania means the failure of the contemplated big iron and steel trust which was to include the Federal Steel company with a joint capital of \$1,000,000,000. This opinion was considered as corroborated by the abandonment by Mr. Frick of his New Jersey charter, recently filed, and the fact that many of the sub-companies of the proposed consolidated company filed notice at Albany yesterday of their intention to do business in this state. The fees, etc., incidental to the taking out of a charter in Pennsylvania, which was to have been paid by Mr. Frick's company, amounted to nearly \$1,000,000. A member of one of the constituent, or expected sub-companies, speaking yesterday of the failure of the proposed gigantic iron and steel combination, said that, notwithstanding its failure, the contracts made by the various companies and sub-companies with several tinplate companies will remain operative. This is regarded as an important result, obtained by the attempt to control the entire iron and steel product in the country, from the ore in the mine to the finished product of manufacture.

FAMOUS SHRINE

Robbed of Jewels Valued at \$25,000. An American Suspected.

Santiago de Cuba, May 23.—The startling discovery has been made that the famous shrine of Nuestra Senora Carida, at El Cobre, has been robbed of jewels valued at \$25,000, and that the head of the statue had been broken off and removed. The report caused great excitement in the town where the shrine has long been the principal attraction. It is supposed to have miraculous healing powers, and is visited annually by thousands of pilgrims from all parts of Cuba, from Mexico and even from Europe, who have loaded the image with rich gifts.

The secret police are making great efforts to discover the perpetrators of the outrage. It is asserted that an American will be arrested today on the charge of being the criminal, and the police hope to recover the jewels.

\$50,000

Donated by an Anonymous Friend For the Advancement of Theosophy.

Chicago, May 23.—At yesterday's session of the 13th annual convention of the American section of the Theosophical society, George E. Wright informed the delegates that an anonymous friend had decided to give the society a fund of \$50,000, the interest of which is to be used for the advancement of the society's cause in the United States. As a preliminary step the society will be incorporated under the laws of Illinois and the name of the organization copyrighted. Five trustees were appointed to manage the fund. A resolution permitting all organizations believing in occult science to affiliate with the society was voted down after considerable discussion.

"BISHOP" GINNER

Pleads Guilty to Grand Larceny and Gets Three Years.

St. Paul, Minn., May 23.—Dr. Samuel George Ginner, "bishop" of the American church, which was established by himself, yesterday pleaded guilty in the district court to an indictment for grand larceny and was sentenced to the penitentiary for three years.

Ginner was formerly the supreme president and supreme treasurer of the order of Minnehaha, and the larceny is alleged to have been committed June 1, 1898, when he was connected with the order. The exact amount alleged in the indictment before the court is \$9,395.

PLANS VOTED DOWN

Representation in Presbyterian General Assembly to Remain as It Is.

DIVINES BECOME EXCITED

Declare If the Assembly Is a Mob There Should Be More Such Backwoods Presbyteries Hold the Balance of Power—Indiana Synod Sustained—Church Out of Debt.

Minneapolis, May 23.—Democracy asserted itself in the Presbyterian general assembly yesterday afternoon. With a shout the assembly voted down two carefully considered and prepared plans to reduce the membership, one by a third and the other by more than a half. The committee on reduced representation appointed a year ago was scarcely given courteous treatment, so pronounced was the feeling against getting farther away from the people.

Two members of the committee presented the two proposed plans—on making the basis of representation 6,000 communicants and the other making the basis 36 ministers in the presbyteries instead of 24, as at present. Colonel F. L. Hitchcock of the committee argued for the representation by synods according to membership, and declared that there was no doubt that 672, the present membership of the assembly, was far too large. It was plain from the interruptions that Colonel Hitchcock was on the unpopular side, and when he sat down expressions of the democratic spirit came out strongly and profusely.

"They call this a mob," said Dr. Page of Topeka. "If it is a mob, God grant that there may be more such. God pity the Presbyterian church with the bulk of the wealth of the United States in its coffers, if it cannot afford a large assembly."

"The time has not come to reduce the assembly, and I hope it never will come," cried Dr. George W. P. Birch of New York. "We ought to keep as near the people as we can. The backwoods Presbyteries now hold the balance of power; I don't know what we would do without them, they hold the balance so true."

Dr. John W. Dinsmore of San Jose offered a motion thanking and discharging the committee and indefinitely deferring the question to reduced representation. When the vote came there was a mighty yes and a feeble no. The decision against another part of the senate committee's report was closer. By a vote of 184 to 163 the assembly decided not to increase from five to 10 the number of ministers necessary to constitute a presbytery.

An appeal from the decision of the Indiana synod in the matter of unfettered wine at the Lord's supper was not sustained.

Colonel James Rice of Peoria, Ill., the father of the Peoria overtone aimed at reducing the moderator's power, says he expects vigorously to push his pet measure.

Before the popular meeting last night of the freedmen's board, the largest of the meetings held under the auspices of the assembly, Rev. H. W. Hulbert of Cleveland, originator of the movement to raise the \$40,000 indebtedness of the board, announced that subscriptions and appointments will foot up \$50,000 or \$55,000. For the first time in a generation, all departments of the Presbyterian church are free from debt.

SPEEDY TRIAL

To Be Given a Negro Who Attempted an Assault.

Athens, Ga., May 23.—Charles Colquitt, a negro who attempted to assault the 16-year-old daughter of J. P. Dooly at High Shoals Saturday night, was captured last yesterday and placed in jail at Watkinsville. Judge Russell will hold an extra session of court today to try the negro. The citizens are satisfied and no trouble is feared. Colquitt confessed his guilt.

Confederate Archives Good Evidence.

Washington, May 23.—In deciding the claim of Sarah Oakes against the United States for a vessel taken by the confederate government during the war of the rebellion, the supreme court of the United States yesterday held that the archives of the confederate government constitute competent testimony. These archives showed that the vessel in question was purchased by the confederates. "These archives," said Justice Gray in deciding the case, "are not the highest authority, but they are records made by men of high standing and deserve credence." The decision was accordingly against the claim.

Educator Paralyzed.

Cincinnati, May 23.—Last night, in the midst of the meeting of the board of education, Professor William H. Morgan, for 11 years superintendent of the Cincinnati public schools, fell from his chair stricken with paralysis. His entire left side is affected and the case is considered very serious.

Cleveland Broke the Record.

Toledo, May 23.—Ex-President Cleveland broke the record for bass catching at Middle Bass on Saturday. He pulled in 125 pounds of fish while Captain Evans caught 45 bass. Mr. Cleveland will leave for home tomorrow. Captain Evans is expected to leave at the same time.

Soldier Killed While Stealing a Ride.

Peoria, Ill., May 23.—One man, a soldier, was killed, and two others injured in a freight wreck near Mackinaw yesterday. Their names are unknown. The dead soldier's uniform bore the insignia of the Fifth regiment. All had been stealing rides.

PHYSICIAN KILLED.

Run Down by a Freight Train at a Crossing.

Huntington, Ind., May 23.—Dr. William B. Lyons, the oldest physician in Huntington county, was instantly killed yesterday by a Wabash freight train. He attempted to cross the track at Warren street in front of the train and the engine struck him. His head and face were crushed and his arm was broken. Dr. Lyons was over 80 years old, and he had practiced medicine in this city for more than fifty years, and had amassed a fortune. He was a prominent Mason.

Going to Paris.

Anderson, Ind., May 23.—Colonel W. T. Durbin and family will shortly leave for Paris. Colonel Durbin will spend most of his time as the guest of Consul General Gowdy. Colonel Durbin announces that it is a pleasure trip entirely. He will attend the G. A. R. encampment this week.

Italian Laborers Strike.

Valparaiso, Ind., May 23.—One hundred Italian laborers, employed on the Indiana Gas and Oil company lines at Kouts, this county, struck yesterday for a raise of wages. They had been receiving \$1.50 a day, and want \$1.75.

THE SHERIDAN

Arrives at San Francisco With Mrs. Stotenberg Aboard.

San Francisco, May 23.—The United States transport Sheridan arrived here 26 days from Manila via Nagasaki. Among the passengers were: Captain F. W. Coulling, Captain H. L. Higgins, General M. A. Miller and wife, Captain Charles T. Clay, Seventeenth infantry; Mrs. L. Overhine, First Lieutenant Isaac Newell and wife, Twenty-second United States infantry; Colonel Henry Lippencott, deputy surgeon United States navy; John W. Coffin, Mrs. Stotenberg, Lieutenant Rodd, volunteer signal corps, and 74 discharged convalescent soldiers.

Two deaths occurred on the way from Nagasaki, one a discharged soldier and one coal passer. Both were buried at sea.

ROYAL BAKING POWDER CO., NEW YORK.

AT LAST

Agreement Is Reached Between Brooke and Gomez.

Havana, May 23.—The Cuban arms question is apparently nearing a complete and rapid settlement. The payment and dispersal of half of the armed bands that have been voluntarily or involuntarily quartered on the court will begin, according to the present programme, next Saturday. General Brooke, and General Maximo Gomez had what both consider a final interview on the question of surrendering the arms. The Cuban commander, on General Brooke's invitation, called at headquarters in El Vedado and the two generals, with Colonel Carlos Cespedes and Major Kennon of Gen. Brooke's staff, went over the payment order, which was signed by the governor-general last Saturday but not made public.

Every word and phrase were re-examined and nothing was changed. At the end of two hours and a half devoted to the examination, General Gomez said he was entirely satisfied and felt convinced the order met all the objections which had been raised, not only by himself, but also by those outside his councils. The text of the article disposing of the arms is as follows:

"The arms and equipments of the Cuban soldiers will be turned over to the civil governors, or to the alcaldes of the municipalities, either at the place of residence of the soldiers, or the place of payment, to the United States officers in charge. Said civil governors and alcaldes are hereby charged with the proper storage and care of the same until they can be collected for storage in Cuban arsenals at Havana and Santiago, as already arranged.

"Receipts will be given to soldiers for arms turned in, and civil governors and alcaldes will forward to headquarters a report of the number of arms in their charge.

"Where 500 are stored in one place an ex-Cuban soldier will be employed as an armorer and shall be paid for his services by the general government. The name of such person shall be sent to headquarters to be placed on the roll for the prompt payment for his services."

Other parts of the order deal with necessary details respecting the hiring of officers, the guarding of the money and the giving of receipts.

Colonel Acea, who was at one time a member of the staff of the late General Macao, has disbanded his force of 300 men, who had been stationed near Alquisar, the men going quietly to their homes with their arms, resolved neither to accept the money of the United States nor to wait longer in a condition of suspense.

PERMANENT FORCE

For the Philippines Being Considered by the War Department.

Washington, May 23.—The war department is considering the matter of a permanent force for the Philippines. Most of Secretary Alger's advisers share his sanguine views of the pacific situation there, and the likelihood that the rebellion will shortly be put down. The preliminary plans for the homecoming of the volunteers are being made, and it must soon be settled what troops are to remain there for the garrisoning of the island. These, of course, will be regulars, and the force will be as large as can be spared from other territories.

General Miles is in favor of maintaining more than half, and perhaps three-quarters, of the regular army in the Philippines, and will probably make such a recommendation on some of the papers which, pass through his office, by way of for all, on their way to the secretary of war.

General Miles is still ignored by the secretary and adjutant general, and his views on no subject are solicited. His name is affixed to orders whenever the law or practice of the department requires such signature, but beyond this he has no more to do with the affairs of the army than if he were a private citizen having desk room in the war department. The associates of the secretary and the general commanding are wondering how long this strained relationship must continue. They realize it is destined to interfere with the plans for reorganization and increase which will be presented to congress at the next session.

It is recognized that Miles' advice

Entered at the Seymour, Indiana, Postoffice as Second-class Matter.

TUESDAY, MAY 23, 1899.

SENATOR FAIRBANKS will start on his trip to Alaska June 10.

GOVERNOR ROOSEVELT is proving too much for the bosses who are not willing to bear their part of public taxation.

It is said that Secretary Alger has finally decided to contest the senatorship in Michigan with Senator McMillan.

THOUGH Dr. Gray was given a life sentence for the murder of Melissa Skinner the people of Green county are disappointed that the verdict was not the death penalty. The sentiment manifested during the trial of Dr. Gray will not be very encouraging to criminals in that part of the state.

In Memorium.

Mrs. Edna May Huxtable died at her home in Connersville, Ind., on Monday morning, May 15, 1899, of paralysis. Mrs. Huxtable was born May 1, 1872. She was married to Mr. Frank W. Huxtable, Feb. 18, 1897. To them were born two children, a boy and a girl whose ages are two weeks and nineteen months respectively.

She was converted and became a member of the Methodist church at Sidney, Ind., in 1886, living a life that was pure, loving and free of complaint. She had suffered for several weeks previous to her death with a headache and a dull pain leading to her left eye. But little did we think that the source of this pain would be the cause of her death.

When she was but a small child she accidentally fell under a moving vehicle, one wheel of which passed over her head. She apparently recovered from this injury but the physician in charge at the time of her death says that her death was partially due to the results of that accident.

While it fills our eyes with tears to think of losing her from our midst, yet we feel assured that it is her gain and that it will not be long until we shall meet her in that world where we will be free from sorrow and care forever.

L. H. Lafayette, Ind., May 22, '99.

A New Safe.

Councilman Miller was at Cincinnati Monday and closed the contract for a large fire and burglar proof safe for the city. The safe is large enough to hold all the books and records of the city which have been heretofore exposed and of course in more or less danger. It also contains a burglar proof vault for money and valuable papers. The safe was the property of a large building and loan association and has been purchased at a bargain. The city has felt the need of such a safe for a long time.

Grain-O Brings Relief.

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be other.

No Griping or Pains.

Arrowsmith, Ill., Jan. 21, 1897. Dear Sirs:—I have been bothered for 15 years with constipation and I have tried many preparations during that time. I commenced using Dr. Caldwell's Syrup Pepsin in the fall of 1895 and unhesitatingly say it is the best remedy I have ever found for my trouble. No griping or pains after taking. Yours, etc., WM. HUNT, A. J. Pellens, Druggist.

A SUPERIOR SERVICE IN DRUGS and MEDICINES

In
Medicine
Quality
Is
Of
First
Importance.

It has long been our custom and will continue our custom as long as we remain in business to handle only drugs and chemicals which we absolutely know to be of superior strength and purity.

No Doctor can obtain the desired results in the sick room unless his prescriptions are filled as he intended them to be, i. e., with drugs of the highest quality. The sick room is the one place above all others where quality counts above everything else. If you want the patient to improve; to respond to the physician's labors, you must be particular with the medicine. You must have his prescription filled with nothing but pure and fresh drugs and chemicals. We cordially invite your patronage and assure prompt attention and courteous treatment.

LaGrippe,

Followed by Heart Disease, Cured by
DR. MILES' HEART CURE.

M. R. C. C. SHULTS, of Winterset, Iowa, inventor and manufacturer of Shults' Safety Whiffletree Compound, writes of Dr. Miles' Heart Cure. "Two years ago an attack of LaGrippe left me with a weak heart. I had run down in flesh to mere skin and bone. I could not sleep lying down for smothering spells; frequent sharp darting pains and palpitation caused a constant fear of sudden death, nothing could induce me to remain away from home over night. My local physician prescribed Dr. Miles' Heart Cure and in a few days I was able to sleep well and the pains gradually lessened, and finally ceased. I reduced the doses, having gained fifteen pounds, and am now feeling better in every way than I have for years."

PRESIDENT INTENDS

To Give the Filipinos All the Self-Government They Can Exercise.

SCHURMAN'S PROPOSITION

Was Framed by Secretary of State Hay—Believed Present Movement of Troops in the Philippines Is in Anticipation of Wet Weather—No Talk of Another Northern Movement.

Washington, May 23.—The written proposition submitted to the Filipinos yesterday at Manila by the American commission was framed in Washington by Secretary Hay. The only error in the printed report of its contents is the omission of the qualification "principal" in the statement of the judges to be appointed by the president. It is the intention to give the Filipinos, just as the president has promised, as large a measure of self-government as they seem able to exercise with safety to themselves and due regard to the welfare of other nations. Therefore, it is proposed to allow them to choose their own inferior judicial officials to begin with, and perhaps the principle may be extended if it works well in the lower grades.

President Schurman did not report to Secretary Hay yesterday, hence, it is assumed that conference up to this time has not been so productive of results as to warrant a statement.

Schurman's Proposition.

Manila, May 23.—Professor Schurman of the United States Philippine commission yesterday submitted a written proposition to the Filipinos, in part as follows: "A governor general, to be appointed by the president; a cabinet, to be appointed by the governor general; all the judges to be appointed by the president; the heads of departments and judges to be either Americans or Filipinos, or both; and also a general advisory council, its members to be chosen by the people by a form of suffrage, to be hereafter carefully determined upon."

ACTIVE CAMPAIGN.

In Anticipation of Wet Weather, Believed to Be Near an End.

Washington, May 23.—The present movement of troops, as reported by General Otis, is believed to mark the end of the active campaign before wet weather sets in. MacArthur is at San Fernando, south of Arayat, where Kobbe and Lawton have now joined. This is the point that has previously been spoken of as a possible summer base for the American northern outposts. From Bacolor, on the railroad, there is a highway running northeast through San Fernando, Mexico, Santa Ana and on to Arayat on the river. The dispatch says that the American army will occupy the cities south and west.

There is no present talk of another northern movement. This would leave a triangle between the railroad and the river that could be easily held and protected by the United States troops during the wet season, even though the insurgents were in much greater force than they are reported, and though they were inclined to be aggressive, which the reports indicate they are not. Lawton's turning in his march to the north and proceeding down the Rio Grande is the natural result of his failure to get in behind the insurgents at San Isidro and crush them in a blow according to plan.

In the movement north, Lawton traveled in a line east of the Rio Grande and parallel to it. His march was through a rough and little traveled country toward the foot of the Eastern mountain ranges. It was a hard journey, and the

Men put in the best years of their lives in the pursuit of riches. One clerk works with the head, and the other with the muscles. Each cares more for dollars than for health. The brain is taxed to the utmost

constant, unremitting toil. Just about the time a man stops to take account of things, he finds the dollars have come, but health has departed. Then he reverses matters completely. He devotes the rest of his life to spending his dollars to regain his health.

What a man with worn-out body and tired brain needs most of all is a good stomach. Dr. Pierce's Golden Medical Discovery is the proper remedy to set the stomach right. This medicine will make his appetite good, make his weak stomach strong and help it to digest the food he puts into it. Good digestion makes pure blood, and pure blood utilizes the whole system. This great remedy also cures those who have sore throat, a persistent cough, weak and bleeding lungs and bronchitis, all of which often arise from weak stomach and consequent indigestion. It is a cleansing, strengthening, purifying, invigorating alterative tonic. It puts life into the blood and nerves, into the brain and body. It cures every form of indigestion, makes the sleep sound, and nerves steady. There is nothing so good, and you should refuse all substitutes offered by dealers.

I had catarrh for four years and also liver and kidney trouble," writes John A. Calloway. "I was at No. 218 26th Street, Columbus, Ga., when it would come troubling me. I would have a slight aching a little below the chest. In 1891 I broke out in lumps all over and when these left the skin peeled off. I took six bottles of Dr. Pierce's Golden Medical Discovery, two bottles of his 'Pleasant Pellets,' and I believe I am sound and well. I have a good appetite, before I commenced treatment I had no appetite at all."

insurgents slipped away before they could be hemmed in between Lawton and Kobbe and MacArthur's armies.

The reported dissolution of the insurgent forces, which are said to be in bad condition at Tarlac, and the statement in General Otis' dispatch that he had again denied Aguinaldo's request for an armistice, are taken to indicate that there is some likelihood that the commission's offer of a form of government may be speedily accepted. That is a matter, however, on which there is no official inclination to speculate.

Consulates Abolished.

Washington, May 23.—The state department has cabled to United States Consul Hanna at San Juan, Porto Rico, and to United States Consul Williams at Manila, to close up their offices on July 1. After that date neither of those officials will be in the service of the United States and the consulates will be abolished. Congress omitted appropriation for the maintenance owing to the acquisition of Porto Rico and the Philippines as a result of the war, and the state department has been retaining the officers at their posts for some time past in the capacity of special agents.

Supreme Court Adjourns.

Washington, May 13.—The supreme court of the United States adjourned yesterday for the term. During the session the court disposed of 519 cases, leaving 302 cases on the docket. At the close of the last previous term the docket contained 313 cases. Chief Justice Fuller and Justice Brewer expect to sail for Paris on the 31st inst., whether they go to participate in the Venezuelan boundary arbitration. Justice Harlan goes immediately to Yale college to deliver a course of lectures.

Treasury Statement.

Washington, May 23.—The statement of the condition of the treasury shows: Available cash balance, \$265,233,163; gold reserve, \$226,445,721.

BIG IRON TRUST

Frick's Proposed Combination of Iron and Steel Companies a Failure.

New York, May 23.—Leading men in the steel and iron trade said yesterday that the incorporation of the new Carnegie iron and steel combination under the laws of Pennsylvania means the failure of the contemplated big iron and steel trust which was to include the Federal Steel company with a joint capital of \$1,000,000,000. This opinion was considered as corroborated by the abandonment by Mr. Frick of his New Jersey charter, recently filed, and the fact that many of the sub-companies of the proposed consolidated company filed notice at Albany yesterday of their intention to do business in this state. The fees, etc., incidental to the taking out of a charter in Pennsylvania, which was to have been paid by Mr. Frick's company, amounted to nearly \$1,000,000. A member of one of the constituent, or expected sub-companies, speaking yesterday of the failure of the proposed gigantic iron and steel combination, said that, notwithstanding its failure, the contracts made by the various companies and sub-companies with several tinplate companies will remain operative. This is regarded as an important result, obtained by the attempt to control the entire iron and steel product in the country, from the ore in the mine to the finished product of manufacture.

FAMOUS SHRINE

Robbed of Jewels Valued at \$25,000. An American Suspected.

Santiago de Cuba, May 23.—The startling discovery has been made that the famous shrine of Nuestra Senora Carida, at El Cobre, has been robbed of jewels valued at \$25,000, and that the head of the statue had been broken off and removed. The report caused great excitement in the town where the shrine has long been the principal attraction. It is supposed to have miraculous healing powers, and is visited annually by thousands of pilgrims from all parts of Cuba, from Mexico and even from Europe, who have loaded the image with rich gifts.

The secret police are making great efforts to discover the perpetrators of the outrage. It is asserted that an American will be arrested today on the charge of being the criminal, and the police hope to recover the jewels.

\$50,000

Donated by an Anonymous Friend For the Advancement of Theosophy.

Chicago, May 23.—At yesterday's session of the 13th annual convention of the American society of the Theosophical society, George E. Wright informed the delegates that an anonymous friend had decided to give the society a fund of \$50,000, the interest of which is to be used for the advancement of the society's cause in the United States. As a preliminary step the society will be incorporated under the laws of Illinois and the name of the organization copyrighted. Five trustees were appointed to manage the fund. A resolution permitting all organizations believing in occult science to affiliate with the society was voted down after considerable discussion.

"BISHOP" GINNER

Pleads Guilty to Grand Larceny and Gets Three Years.

St. Paul, Minn., May 23.—Dr. Samuel George Ginner, "bishop" of the American church, which was established by himself, yesterday pleaded guilty in the district court to an indictment for grand larceny and was sentenced to the penitentiary for three years. Ginner was formerly the supreme president and supreme treasurer of the order of Minichaha, and the larceny is alleged to have been committed June 1, 1898, when he was connected with the order. The exact amount alleged in the indictment before the court is \$3,395.

PLANS VOTED DOWN

Representation in Presbyterian General Assembly to Remain as It Is.

DIVINES BECOME EXCITED

Declare If the Assembly Is a Mob There Should Be More Such—Backwoods Presbyteries Hold the Balance of Power—Indiana Synod Sustained—Church Out of Debt.

Minneapolis, May 23.—Democracy asserted itself in the Presbyterian general assembly yesterday afternoon. With a shout the assembly voted down two carefully considered and prepared plans to reduce the membership, one by a third and the other by more than a half. The committee on reduced representation appointed a year ago was scarcely given courteous treatment, so pronounced was the feeling against getting farther away from the people.

Two members of the committee presented the two proposed plans—making the basis of representation 6,000 communicants and the other making the basis 86 ministers in the presbyteries instead of 24, as at present. Colonel F. L. Hitchcock of the committee argued for the representation by synods according to membership, and declared that there was no doubt that 672, the present membership of the assembly, was far too large. It was plain from the interruptions that Colonel Hitchcock was on the unpopular side, and when he sat down expressions of the democratic spirit came out strongly and profusely.

"They call this a mob," said Dr. Page of Topeka. "If it is a mob, God grant that there may be more such. God pity the Presbyterian church with the bulk of the wealth of the United States in its coffers, if it cannot afford a large assembly."

"The time has not come to reduce the assembly, and I hope it never will come," cried Dr. George W. P. Birch of New York. "We ought to keep as near the people as we can. The backwoods Presbyteries now hold the balance of power; I don't know what we would do without them, they hold the balance so true."

Dr. John W. Dinsmore of San Jose offered a motion thanking and discharging the committee and indefinitely deferring the question to reduced representation. When the vote came there was a mighty yes and a feeble no. The decision against another part of the senate committee's report was closer. By a vote of 184 to 168 the assembly decided not to increase from five to 10 the number of ministers' necessary to constitute a presbytery.

An appeal from the decision of the Indiana synod in the matter of unfettered wine at the Lord's supper was not sustained.

Colonel James Rice of Peoria, Ill., the father of the Peoria overtone aimed at reducing the moderator's power, says he expects vigorously to push his pet measure.

Before the popular meeting last night of the freedmen's board, the largest of the meetings held under the auspices of the assembly, Rev. H. W. Hubert of Cleveland, originator of the movement to raise the \$40,000 indebtedness of the board, announced that subscriptions and appointments will foot up \$50,000 or \$55,000. For the first time in a generation, all departments of the Presbyterian church are free from debt.

SPEEDY TRIAL

To Be Given a Negro Who Attempted an Assault.

Athens, Ga., May 23.—Charles Colquitt, a negro who attempted to assault the 16-year-old daughter of J. P. Dooly at High Shoals Saturday night, was captured last yesterday and placed in jail at Watkinsville. Judge Russell will hold an extra session of court today to try the negro. The citizens are satisfied and no trouble is feared. Colquitt confessed his guilt.

Confederate Archives Good Evidence.

Washington, May 23.—In deciding the claim of Sarah Oakes against the United States for a vessel taken by the confederate government during the war of the rebellion, the supreme court of the United States yesterday held that the archives of the confederate government constitute competent testimony. These archives showed that the vessel in question was purchased by the confederates. "These archives," said Justice Gray in deciding the case, "are not the highest authority, but they are records made by men of high standing and deserve credence." The decision was accordingly against the claim.

Educator Paralyzed.

Cincinnati, May 23.—Last night, in the midst of the meeting of the board of education, Professor William H. Morgan, for 11 years superintendent of the Cincinnati public schools, fell from his chair stricken with paralysis. His entire left side is affected and the case is considered very serious.

Cleveland Broke the Record.

Toledo, May 23.—Ex-President Cleveland broke the record for bass catching at Middle Bass on Saturday. He pulled in 125 pounds of fish while Captain Evans caught 45 bass. Mr. Cleveland will leave for home tomorrow. Captain Evans is expected to leave at the same time.

Soldier Killed While Stealing a Ride.

AT LAST

Agreement Reached Between Brooke and Gomez.

Havana, May 23.—The Cuban arms question is apparently nearing a complete and rapid settlement. The payment and dispersal of half of the armed bands that have been voluntarily or involuntarily quartered on the court will begin, according to the present programme, next Saturday. General Brooke, and General Maximo Gomez had what both consider a final interview on the question of surrendering the arms. The Cuban commander, on General Brooke's invitation, called at headquarters in El Vedado and the two generals, with Colonel Carlos Cespedes and Major Kennon of Gen. Brooke's staff, went over the payment order, which was signed by the governor-general last Saturday but not made public.

Every word and phrase were re-examined and nothing was changed. At the end of two hours and a half devoted to the examination, General Gomez said he was entirely satisfied and felt convinced the order met all the objections which had been raised, not only by himself, but also by those outside his councils. The text of the article disposing of the arms is as follows:

"The arms and equipments of the Cuban soldiers will be turned over to the civil governors, or to the alcaldes of the municipalities, either at the place of residence of the soldiers, or the place of payment, to the United States officers in charge. Said civil governors and alcaldes are hereby charged with the proper storage and care of the same until they can be collected for storage in Cuban arsenals at Havana and Santiago, as already arranged.

"Receipts will be given to soldiers for arms turned in, and civil governors and alcaldes will forward to headquarters a report of the number of arms in their charge.

"Where 500 are stored in one place an ex-Cuban soldier will be employed as an armorer and shall be paid for his services by the general government. The name of such person shall be sent to headquarters to be placed on the roll for the prompt payment for his services."

Other parts of the order deal with necessary details respecting the hiring of officers, the guarding of the money and the giving of receipts.

Colonel Acea, who was at one time a member of the staff of the late General Maceo, has disbanded his force of 300 men, who had been stationed near Alquisar, the men going quietly to their homes with their arms, resolved neither to accept the money of the United States nor to wait longer in a condition of suspense.

PERMANENT FORCE

For the Philippines Being Considered by the War Department.

Washington, May 23.—The war department is considering the matter of a permanent force for the Philippines. Most of Secretary Alger's advisers share his sanguine views of the Pacific situation there, and the likelihood that the rebellion will shortly be put down. The preliminary plans for the homecoming of the volunteers are being made, and it must soon be settled what troops are to remain there for the garrisoning of the island. These, of course, will be regulars, and the force will be as large as can be spared from other territories.

General Miles is in favor of maintaining more than half, and perhaps three-quarters, of the regular army in the Philippines, and will probably make such a recommendation on some of the papers which pass through his office, by way of formality, on their way to the secretary of war.

General Miles is still ignored by the secretary and adjutant general, and his views on no subject are solicited. His name is affixed to orders whenever the law or practice of the department requires such signature, but beyond this he has no more to do with the affairs of the army than if he were a private citizen having desk room in the war department. The associates of the secretary and the general commanding are wondering how long this strained relationship must continue. They realize it is destined to interfere with the plans for reorganization and increase which will be presented to congress at the next session.

In Memorium.

Mrs. Edna May Huxtable died at her home in Connersville, Ind., on Monday morning, May 15, 1899, of paralysis. Mrs. Huxtable was born May 1, 1872. She was married to Mr. Frank W. Huxtable, Feb. 18, 1897. To them were born two children, a boy and a girl whose ages are two weeks and nineteen months respectively.

She was converted and became a member of the Methodist church at Sidney, Ind., in 1886, living a life that was pure, loving and free of complaint. She had suffered for several weeks previous to her death with a headache and a dull pain leading to her left eye. But little did we think that the source of this pain would be the cause of her death.

When she was but a small child she accidentally fell under a moving vehicle, one wheel of which passed over her head. She apparently recovered from this injury but the physician in charge at the time of her death says that her death was partially due to the results of that accident.

While it fills our eyes with tears to think of losing her from our midst, yet we feel assured that it is her gain and that it will not be long until we shall meet her in that world where we will be free from sorrow and care forever. L. H. Lafayette, Ind., May 22, '99.

A New Safe.

Councilman Miller was at Cincinnati Monday and closed the contract for a large fire and burglar proof safe for the city. The safe is large enough to hold all the books and records of the city which have been heretofore exposed and of course in more or less danger. It also contains a burglar proof vault for money and valuable papers. The safe was the property of a large building and loan association and has been purchased at a bargain. The city has felt the need of such a safe for a long time.

Grain-O Brings Relief.

To the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be other.

From
Us
Always.

It has long been our custom and will continue our custom as long as we remain in business to handle only drugs and chemicals which we absolutely know to be of superior strength and purity.

No Doctor can obtain the desired results in the sick room unless his prescriptions are filled as he intended them to be, i. e., with drugs of the highest quality. The sick room is the one place above all others where quality counts above everything else. If you want the patient to improve; to respond to the physician's labors, you must be particular with the medicine. You must have his prescription filled with nothing but pure and fresh drugs and chemicals. We cordially invite your patronage and assure prompt attention and courteous treatment.

G. A. R. ENCAMPMENT

Convening of the Greatest State Meeting Ever Held by the Boys of '61.

THE GOVERNOR AND STAFF

Present to Witness the Sham Battle by Men Who Took Part in the Late War—Old Physician Run Down by a Freight Train—News From All Over the State.

Terre Haute, Ind., May 23.—This city is in gala attire in honor of the G. A. R. state encampment, which convened here today. The accommodations of the city are taxed to their utmost by the thousands of visitors already here, and each train brings hundreds more. It is destined to be the greatest state affair ever held by the veterans. Governor Mount and staff are here to witness the sham battle this afternoon, in which over 600 soldiers of the late war will take part.

Tomorrow the grand parade occurs, and it is expected fully 6,000 men will march, as all local organizations, civil and military, will take part.

COL. DICK THOMPSON.

Arrangements Being Made to Celebrate His Ninetieth Birthday.

Terre Haute, Ind., May 23.—Arrangements are making under the auspices of the Thompson club, to celebrate the

COLONEL DICK THOMPSON.

90th birthday anniversary of Colonel Dick Thompson, ex-secretary of the navy, which occurs June 6. A number of prominent men throughout the state will be invited.

SENATOR FAIRBANKS.

His Alaskan Inspection Tour Will Begin About June 6.

Indianapolis, May 23.—Senator Fairbanks and party will start for Seattle, Wash., about the 10th of next month, and the tour will consume five or six weeks. The cutter McCulloch, formerly Dewey's dispatchboat, will carry the party. Sitka will be visited, and the Lyman and Portland canals, which are arms of the sea reaching far inland, will be explored. Other places not yet decided on will also be visited. Senator Fairbanks has received a letter from the Alaskan Chamber of Commerce at Juneau inviting him to visit that place and to set the date. The letter says that Messrs. Vernon, Rogers, Vestal, Dr. S. M. LeCone and R. A. Ketcher, former classmates in Ohio, are there to welcome him.

Medical Society Semecentennial.

Indianapolis, May 23.—The Indiana State Medical Society will, on June 1 and 2, hold its semecentennial meeting in Indianapolis. The society has a membership of 1,500, and in addition to these, all the physicians and surgeons from every part of Indiana are being invited to the celebration of the golden anniversary. It is expected to make it the most noted gathering of physicians that ever assembled in Indiana. Prominent medical men from Kentucky, Ohio and Illinois are also expected to be present.

Now Has Three Banks.

Bedford, Ind., May 23.—The Bedford National bank, with John R. Walsh as president, opened its doors for transaction of business yesterday. The bank has a good start, as the business of the Bedford quarries, the Southern Indiana railway and the Bedford Belt railways, which are controlled by Mr. Walsh, will pass through its hands. The disbursements monthly for labor and material by the Walsh management aggregate \$75,000. The city of Bedford now has three banks.

Assaulted His Mother-In-Law.

Mount Vernon, Ind., May 23.—Thomas Rawles has been arrested for assaulting his mother-in-law, Mrs. Gertrude Barbour. The complainant is his wife. She alleges that the assault was committed while she was absent, and that on her return she found her mother-in-law in an alarming condition. Mrs. Barbour is 55 years old, and is not expected to live. Mr. Rawles is 45 years old, and has always borne an excellent reputation.

Brakeman Scalped by a Cable.

Waverly, Ind., May 23.—John E. Reddington, a Wabash railway brakeman, while standing on top of a freight car which was passing an overhead bridge here, was struck by one of the cables of the structure on the forehead, the blow scalping him. A fellow brakeman assisted him, and quickly as possible a surgeon was secured and the scalp was restitched in place.

Goaded to Suicide.

South Bend, Ind., May 23.—Goaded to the act by personal violence on the part of her husband, Mrs. David Bradley took morphine with fatal effect. Her face and head show marks of brutal attack.

Eagle, The King of All Birds.

A Wife Says:

"We have four children. With the first three I suffered almost unbearable pains from 12 to 14 hours, and had to be placed under the influence of chloroform. I used three bottles of Mother's Friend before our last child came, which is a strong, fat and healthy boy, doing my housework up to within two hours of birth, and suffered but a few hours pains. This liniment is the grandest remedy ever made."

Mother's Friend

will do for every woman what it did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. Mother's Friend equips the patient with a strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final hour, so that the actual labor is short and practically painless. Danger of rising or hard breaths is altogether avoided, and recovery is merely a matter of a few days.

Druggists sell Mother's Friend for \$1 a bottle. The Bradford Regulator Co., Atlanta, Ga. Send for our free illustrated book.

Thousands Have Kidney Trouble and Don't Know It

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to take a vacation, the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble. Kidney trouble can be detected although it is slow and deceptive. First, by analysis of the urine; second, by the simple test of setting the urine aside a glass or bottle for twenty-four hours in a cloudy or brick dust settling indicates it.

It was for just such troubles that in His infinite power and goodness the Great Physician caused Swamp Root to grow for the benefit of suffering mankind, leaving it for His servant Dr. Kilmer, the great kidney and bladder specialist to discover it and make it known to the world. Its wonderful efficacy in promptly curing the most distressing cases is truly marvelous. You may have a sample bottle of Dr. Kilmer's Swamp Root, the great kidney, liver and bladder remedy, by mail free.

E. P. Easton was at Medora a few days looking after the welfare of his daughter who is sick.

D. K. Motesinger purchased his binder twice at Chicago. D. K. goes a long way from home to trade.

Dixon M. Hays passed here last week on his way to Medora in behalf of the Seymour Republican. Hays is all right and a good man for the place.

We inform the Hammer at Pleasant Grove that when he is passing he need not drive so far to stay all night. He can stop with us people.

O. W. Goss and J. W. Weddle each purchased a new Milwaukee binder of J. C. Bland, of Valonia. They knew what kind of machinery to get to run a farm. Both are good farmers.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson said it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises, and burns, for which, for which it is unequalled. For sale by C. W. Milhous.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft repeated experience of trustworthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Eick, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines man factured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. Visit Winona Lake.

An Attractive Summer Haven for Rest, Recreation and Entertainment.

Winona Lake, Indiana, on the Pennsylvania Lines, is an attractive summer haven for persons who may desire to combine recreation, entertainment and instruction with rest and recreation. This lake is a beautiful sheet of water nearly two miles long, surrounded by romantic woodland, which has been improved into a grand summer resort with all the comforts and conveniences for a delightful sojourn. The entrance to the grounds adjoins the pretty station of Winona Lake on the Port Wayne route.

As the site of Winona Assembly and Summer School, this resort is visited each summer by many people who are invigorated in both mind and body by the instructive entertainment and health giving recreation for which Winona is famous. The educational work of the summer school is under the supervision of prominent instructors. Fine facilities for athletic pastimes are provided, and the college halls and large auditorium are amply equipped for interesting work. The boating, bathing and fishing are excellent. The permanent buildings include many cozy cottages where accommodations may be secured at reasonable rates. There is also a large hotel, and provision for camping out for those who may enjoy tent life. Supplies are obtainable at the large store on the grounds.

Excursion to the Seashore.

Midsummer Outing Trip to the Ocean via Pennsylvania Lines.

Persons in quest of a delightful haven at which to spend their summer vacation will be interested in the announcement that special excursions to the seashore will be run over Pennsylvania Lines Thursday, August 10th. During the past two seasons low rate excursions over this direct through route to the ocean carried many happy people from points in Indiana and Ohio to ten of the most attractive seaside resorts on the Atlantic Coast, viz: Atlantic City, Cape May, Angelsea, Avalon, Holly Beach, Ocean City, Sea Isle City, Wildwood, New Jersey, Rehoboth, Del., and Ocean City, Md.

The excursions for the summer of 1899 will again afford opportunity to enjoy refreshing ocean bathing and sailing, the invigorating sea air, and the myriad of attractions for which the seashore is famous.

Excursion tickets will be sold to the ten charming resorts mentioned. It will be an excellent chance for a pleasure trip to the sea. The time, midsummer, is the season for outings, and the places are particularly rich in attractions for the summer idler. The fare will be exceptionally low, and the return limit privileges will cover the customary ten days' vacation. Anyone wishing to participate in this highly enjoyable trip to the seashore may arrange to do so by consulting O. B. Sington, ticket agent, Seymour, Ind., or by communicating with W. W. Richardson, District Passenger Agent, in Indianapolis, Ind.

Thousands Have Kidney Trouble and Don't Know It

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to take a vacation, the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble. Kidney trouble can be detected although it is slow and deceptive. First, by analysis of the urine; second, by the simple test of setting the urine aside a glass or bottle for twenty-four hours in a cloudy or brick dust settling indicates it.

It was for just such troubles that in His infinite power and goodness the Great Physician caused Swamp Root to grow for the benefit of suffering mankind, leaving it for His servant Dr. Kilmer, the great kidney and bladder specialist to discover it and make it known to the world. Its wonderful efficacy in promptly curing the most distressing cases is truly marvelous. You may have a sample bottle of Dr. Kilmer's Swamp Root, the great kidney, liver and bladder remedy, by mail free.

Address Dr. Kilmer & Co. Binghamton, N. H. When writing mention this paper.

Whooping Cough.

I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house.—J. L. MOORE, South Burgettstown, Pa. For sale by C. W. Milhous.
